

May 4, 2014

Dear Preschool Staff,

When I walked in to church today, I stopped to gaze in wonder at the Outdoor Education Area. I thought back to the metal swing set there when we joined IPC 18 years ago, then to the wood structures that replaced it, then to the plastic that replaced that. I remembered the dream a few of us had to start an affordable preschool at IPC, a dream that started 13 years ago this month. And I remembered the tragic events of September 11 of that year and Genevieve Wilson telling me, "You must help our children learn to live in peace." All those memories... And a flood of gratitude for all you do every day to keep those dreams living + growing.

With Much Appreciation,  
Maui Elaine Booze

Above is a letter from an IPC Church member and one of the original founders of Indianola Children's Center.

We have come a long way!!!
